In Changing Awareness of Crime, learners develop an understanding of different types of crime, influences on perceptions of crime and why some crimes are unreported. Knowing about the wide range of different crimes and the reasons people have for not reporting such crimes provides an understanding of the complexity of behaviours and the social implications of such crimes and criminality.

Unit 2 – Criminological Theories

Criminological Theories enables learners to gain an understanding of why people commit crime, drawing on what they have learned in Unit 1. Learners explore the difference between criminal behaviour and deviance and the theories behind why people commit crime.

Unit 3 – Crime Scene to Courtroom

Crime Scene to Courtroom provides learners with an understanding of the criminal justice system from the moment a crime has been identified to the verdict. They develop the understanding and skills needed to examine information in order to review the justice of verdicts in criminal cases.

Unit 4 – Crime and Punishment

In Crime and Punishment, learners apply their understanding of the awareness of criminality, criminological theories and the process of bringing an accused to court in order to evaluate the effectiveness of social control to deliver criminal justice policy.
